VULCAIN

table lamp ●● 2012

ALL IN THE DETAILS

Vulcain is the perfect table lamp. A classic shape, noble materials and small details which stand out: a key-shaped on/off switch and a duo-tone black and white cord.

Gently diffused illumination emanates via tiny laser-cut perforations in the matte brass-finished shade for a warm glow.

Vulcain was named after the eponymous Ariane 5 rocket's engine whose nozzle inspired the shape of the shade.
