CYMBAL

pendant lamp ●● 2015

RHYTHM FOR YOUR INTERIOR

Cymbal is a simple yet intriguing pendant lamp. Simple cymbal shaped disks of black or chrome steel diffract the light in every direction and trick the perception while reflecting the environment.

Cymbal will enrich a traditional filament lamp but will also work with a white bulb for a more graphic and sober feel.

Cymbal works alone or in a chandelier setting of 3 or more with each lamp reflecting each other.

When looked at horizontally, the chrome version almost looks like transparent glass while in fact it shows the distorted reflection of what is behind the lamp. As a result, Cymbal will literally 'melt' into any background.
